Plot summary

In the final years of the Sui Dynasty, amid the vast deserts of the Western Regions, a solitary swordsman known as "Dao Ma" is entrusted by the mysterious Zhi Shilang with a dangerous mission: escort a young child named "Shu" to the capital city of Chang'an.

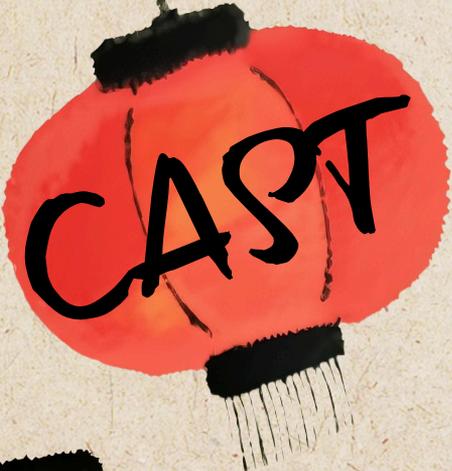

Along the way, they are hunted by imperial spies, aristocratic clans, and ruthless assassins. Torn between personal vengeance and the fate of the common people, Dao Ma fights his way through a storm of blades and blood, gradually uncovering a secret powerful enough to overthrow the dynasty itself...

*This play is adapted from Xu Xianzhe's acclaimed manga *The Mercenary*. With intense action, unwavering loyalty, and the raw struggles of human nature, it brings to life the untamed Jianghu of the Sui and Tang eras—a world where honor is paid for in blood.*
